

Cost of Attendance Calculator

Bridges Christian College believes that student educational debt hinders college graduates from pursuing God’s master plan for their lives. Debt has become an enslaving snare which forces graduates to seek secular work to repay college debt. Many of these graduates never fulfill God’s plan for their lives; to this end, Bridges works with students and does not allow students to borrow money to attend College. The College understands that this approach may place a Christian college education out of reach for lower income students. Therefore, Bridges has developed this form to help students determine their cost of attendance. The form considers your income, dependants, housing, and tuition needs. The final number represents the cost of attendance for the trimester, the year, and the complete degree program. Once you have calculated your estimated cost of attendance and discounts, You will discover that Bridges truly does provide an affordable college education. You can fulfill your dreams to earn a B.A. degree with a part-time job during the trimester and hard work during the breaks.

Full-time students receive greater tuition discounts. To maximize your savings, the college recommends that you select the optional 3 year plan for your college educational strategy.

- Number of Dependants** _____
- Gross Income on your last Tax Return** _____
- Complete your degree in 3 or 4 years?** _____
- Will you stay in campus housing?** _____
- Online or Traditional Campus Modality?** _____

Based on your inputs, the following data is your estimated cost of attendance.

Campus Housing expenses	per trimester _____	per year _____	per degree _____
Tuition expenses	per trimester _____	per year _____	per degree _____
Book estimate costs per year	per trimester _____	per year _____	per degree _____
Registration Fee	per trimester _____	per year _____	per degree _____
Discounts based on need	per trimester _____	per year _____	per degree _____
Your Net Cost	per trimester _____	per year _____	per degree _____

Your average monthly cost is only _____ that’s less than most people pay for their apartment rent.

You can afford a B.A. degree, finish without the burden of student loans, and the constant anxiety produced by monthly student loan payments which last 15 years. You don’t need to enslave your ministry calling to the slave master of debt. Lock in your discount savings of today and complete your application. You can realize your dream to prepare for God’s ministry calling. You can obtain a great education without mortgaging your future. Checkout the Great Faculty at Bridges, and you will agree that Bridges Christian College makes the most sense and is the right place for you!
